Premier Roof Coatings Product Range

- Premcoat Primer** A clear acrylic coating designed to penetrate and bind oxidised tiles prior to top coating.
- Premcoat Deo Prime** A fine particle polymer formulated to penetrate deep into the substrate providing superior adhesion for top coats.
- Premcoat Maxi Build** A coloured sealer designed to fill and seal severely porous and pitted surfaces prior to top coating.
- Premcoat Metal Primer** An anti-rust, anti-corrosive primer specifically formulated for iron roofing. Stops flash rust and bleed through on top coats.
- Premcoat** A 100% acrylic gloss coating designed to resurface concrete roof tiles and metal surfaces.
- Premcoat Plus** A 100% acrylic high gloss coating designed to resurface concrete roof tiles and metal surfaces as a top coat.
- Premcoat Clear Coat** A pure acrylic clear coating specifically formulated for semi-glazed or unglazed terracotta tiles. Can also be used as a protective layer over coloured coatings. Provides a wet look once cured and dramatically improves dirt pick up resistance.
- Premflex** A flexible pointing that is an adhesive mechanical fastener for hip and ridge tiles. It has been developed in accordance and passed fatigue loading sequence to meet Australian standard AS4046.8/2015 C3.
